

IWA Specialist Conference

## Microbial Ecology and Water Engineering (MEWE) 2019

17. – 20. November 2019, Hiroshima, Japan

### Sponsorship opportunity

The IWA specialist conference “Microbial Ecology and Water Engineering”, an exceptional international event, is bringing together scientists and practitioners involved in all aspects of the urban water cycle. We expect to welcome approximately 200 scientists and professionals from more than 30 different countries at our conference. See <http://mewe2019.org/> for more information.

We would like to offer you and your organization the opportunity to participate in our sponsorship program. Sponsorship provides visibility for your organization throughout the conference. A number of other sponsorship opportunities are also available and are detailed below. If you have additional ideas about how your company can sponsor this conference and gain visibility, we will be glad to discuss customized sponsorship opportunities. Your sponsorship is greatly appreciated as it allows offering this conference at a competitive price. This is especially important for students, young scientists, and for participants from low-income countries. The following table provides an overview of the different levels of platform sponsorship opportunities:

	Platinum	Gold	Silver	Bronze
Invitation to participate for one person with waived registration fees	■	■	■	
Official sponsorship of one of the social events, including the opportunity for a welcome speech	■
